

Novatech

Sealed Unit

For a 10-year period from the date stated on the insert, Novatech warrants that the double sealed glass unit*, as supplied by Novatech, shall be free from defects in material or workmanship, including gasket waterproofing failure liable to cause mist or infiltration of dust between [window](#)-panes causing a real obstruction to vision. This warranty does not cover gasket waterproofing failure resulting from glass or gasket breakage caused by factors other than material or workmanship defect.

* Stained glass, silkscreen, glass with interior grills (white spacer bar), Hybrid and V-groove.
(Note: Other sealed glass units are warranted for 5 years).

Limitations

The 10-year Novatech warranty is strictly subject to the limitations and conditions hereinafter stated, of which it is an integral part.

- Damages caused by harmful solvents used in cleaning PVC sashes or components or damage caused by painting or coating with any material incompatible with PVC.
- The formation of frost or condensation on glass or PVC components, subject to provisions in the Sealed unit section herein.
- Damages resulting from inadequate installation or handling.
- Glass breakage, after installation, is not covered by this warranty.

General Conditions

The Novatech Warranty consists in the replacement of any component herein covered and deemed defective by Novatech. The defective components shall be replaced by similar components or of an equivalent quality. The Novatech Warranty does not cover labour costs or work done on site. For the warranty to be applicable, the defective component shall have to be forwarded to Novatech by the manufacturer.
