

Did you know?

Royal Homes supports the United Nations Sustainable Development Goals. Specifically goal 12.5 which is to substantially reduce waste generation through prevention, reduction, recycling and reuse. The Royal Homes factory reduces waste by reusing scrap and has had a recycling program for many years. We feel that prefabricating our homes in a factory allows us to better control how scrap materials are handled. This control enables us to efficiently minimize the amount of waste that goes to landfill.

Scenic Views. Modern Living.

Located under one roof, the Longhouse offers six cozy two-bedroom apartments. This is a very cost-effective solution to multifamily living on a single plot of land. The Longhouse is designed for maximum economy, with a classic ranch-style design and a convenient open-concept living, dining, and kitchen area. For convenience, the bedrooms are located just off the living area and are wheelchair accessible. The bathroom is placed right in the center of the living space for convenient access.

Dimensions & Rooms

-  4797 Sq. Ft.*
